

SAN FRANCISCO EXCHANGE CLOSED INDEFINITELY

A wire to Harry Epstein this morning stated the governing board of the San Francisco stock and Exchange Board met this morning and resolved to remain closed indefinitely. This action will probably stand until the New York curb market reopens. The nearest approach to quotations was from an outside scalper in New York offering 80 for Butler and 27 for Tonopah Merger.

NO DISPUTE OVER FIRST HONORS IN RESCUE CONTEST

PERCENTAGES IN TWO EVENTS CONTROLLED THE FINAL AWARD SUNDAY.

The Bonanza is in receipt of a note from J. H. Schwable, foreman of the Tonopah Extension mine, as follows: "Please explain how it was that the Tonopah Extension rescue team received the first prize if the West End team had made a perfect score and Extension team only won the third place in the contest, as you stated in today's paper. Put the honors where they belong."

The Bonanza stated plainly that the first prize was awarded the Extension team and made no efforts to detract from the merits of the performance of the boys from that mine. However, the scoring does not appear to have been understood by those taking part. In the two events of the programme the scoring was separate and for the final awards the standing of the five teams in both events were taken into consideration. For instance, the Extension team tied with the West End for second place in the first events and won first place on the draw. In the second the Extension team stood third and in summing up the general average the government officers gave first place in the sweepstakes to the Extension for the higher showing, according to the PERCENTAGE IN BOTH EVENTS. In the second event Foreman Steidle, of the government corps, remarked that the West End team "was about perfect" and submitted the scoring to prove the truthfulness of his remark. In this connection it may be explained that the West End made a bad balk in the first event through not having a clear understanding of how the sling should be tied to support the arm of the injured man. This error cost the West End what might have been first place, but the boys took their loss good naturedly, as they were handicapped by the absence of one of their regular team. Had space permitted the Bonanza would have given the scoring in each event with the comments of the judges and their reasons for making the final awards as published.

J. R. MASTERTSON COMMISSIONER

Dr. J. R. Mastertson announces himself as a candidate for the long term county commissionership on the Republican ticket on the strength of his residence in Tonopah for the last four years and the fact that he thinks his property interests in this county warrants him in the belief that he can fill the bill to the satisfaction of other taxpayers. Dr. Mastertson has been ten years in Nevada and before coming to Tonopah was a resident of Yerington. He is heavily interested in Rawhide, being a stockholder in the Rawhide New Mines company, which is rapidly bringing the former boom camp to the front as one of the paying camps of the state.

BRAY IS IN BAD IN DICTATING TO PEOPLE OF ELY

Considerable of a surprise was in store for Deputy Superintendent A. B. Lightfoot Tuesday of this week when he visited the postoffice and received notice from the state superintendent, John Edwards Bray, to the effect that his resignation had been accepted and his successor appointed. As Mr. Lightfoot had not filed his resignation with the state board of education, and as the statutes specially state that a deputy superintendent can be removed only upon the grounds of incompetency and gross neglect to fulfill the duties of the office, neither of which causes has been assigned, he has decided to await the arrival of the new appointee and try titles with him through the regular course of procedure.

The reason assigned by Bray for his action is that Mr. Lightfoot has accepted another position which will claim his attention after the first of September, but which does not in any way interfere with his performing the duties of his present office through the month of August. His contract with the county board of education does not take effect until the beginning of the school term, this fall, and it was his intention to give the state board thirty days' notice of his resignation as deputy superintendent, which would be ample time in which to select another man for the place.

Under the laws of the state the term of office of deputy superintendent commences on the first day of September after the appointment is made. Mr. Lightfoot assumed the duties of the office on September 1, 1907, and he was reappointed in 1911 for four years, commencing September 1 of that year, so he has yet a commission for thirteen months if he should continue in the office until the close of the term. He has fulfilled the duties of the office faithfully and well, and naturally resents the unusual methods employed by Mr. Bray in attempting to summarily dismiss him without notice a month before there is any reason for his retiring. School trustees have been accustomed for several years to look to Mr. Lightfoot to provide teachers for their schools and to advise them on matters of preparation for the opening of the school term. There is no time in the year when it is as important that a man who is fully acquainted with the people and with school conditions occupies that office, and they will doubtless agree that Mr. Bray's action was ill-advised, and not for the best interests of the schools.—Ely Record.

A Word of Caution

In nothing else can a person be more deceived than in the matter of glasses. Fakirs and unscrupulous peddlers know this and the country and often the city is visited by men who mislead the customer and give him only the cheapest and most harmful glasses. Just why people will be led into the trap set by the "Big I Traveling Dr." no one seems to know. Tonopah is my home. I'm here to do what's to be done with glasses—to do it well without "doing" you.

MIDNIGHT MELEE LEADS TO HALF A DOZEN ARRESTS

There was an international mixup last midnight at the Miners' Exchange saloon, in which a dozen Pins, three or four I. W. W.'s and a few Irish settled their differences by smashing furniture and tearing the clothing of the other fellows. Six arrests were made. The saloon this morning resembled a rag factory, the floor being covered with shreds of clothing, broken glassware, broken chairs and battered furniture which had been used by the combatants.

PHRASE USED FOR TESTING ABILITY YOUNG STUDENTS

SOMETHING FOREIGNERS HAVE
DIFFICULTY TO PRO-
NOUNCE.

(By Associated Press.)
LONDON, August 12.—While the phrase "a little bit" is no easy for native English speaking persons to pronounce that it would seem to make a weak test for sobriety, it has been picked out from all other tongue twisters by Prof. Walter Rippman, of the University of London, for foreigners to practice on. Any one who can say "a little bit" correctly has nothing else to fear in pronouncing English. Prof. Rippman has told the students from some eighteen foreign countries who are here to take the special summer course of lectures arranged for their benefit.

The beginner in English usually gets no closer to "a little bit" than "a leet beet" or "a leet bid." But when he does master it, the classic "prunes, prisms and persimmons" and "picked a peck of pickled peppers" come comparatively easy.

INTERMENT AT RENO OF PIONEER I. O. O. F.

HUGH HOLMES, ONE OF THE OLD-
EST ODD FELLOWS, WILL BE
BURIED FRIDAY.

The death of Hugh Holmes, of Goldfield, in San Francisco, removes from this state one of the oldest members of the Odd Fellows who had forty years' membership to his credit, beginning with the Eureka lodge, where he took the obligations. This morning John B. Holmes, a brother, Paul Whaley, a son-in-law, and Robbie and Fannie Holmes left for Reno to attend the funeral, which will be held Friday afternoon. Interment will be in the Odd Fellows' plot in that city. Mr. Whaley will first go to San Francisco to bring the body to Reno.

The deceased was 68 years of age, born in County Antrim, Ireland, and came to Nevada in 1869, stopping at Austin for a short time and then moving to Eureka, where he spent the greater part of his life. He had been watchman for the Goldfield Consolidated for the last five years. The family was not advised of the nature of the malady that induced death, but it is believed to have been pneumonia.

CRIMINAL SUITS FOR NEW HAVEN DIRECTORS SURE

DISSOLUTION OF COMPANY WILL
NOT AFFECT PROSECU-
TION.

(By International News Service.)
WASHINGTON, August 12.—Announcement was made today at the department of justice that the criminal prosecution of New Haven railroad directors ordered by the president in his letter to Attorney-General McReynolds will not be affected by settlement of the dissolution suit. The department will proceed in its attempt to hold directors liable under the criminal law for alleged misuse of funds of stockholders.

Surrender of the company in the civil action is viewed by the department as a triumph for its policy in dealing with the problem. The government gives the company a year to sell its Boston & Maine stock. During this year it will be free to attempt to obtain from the Massachusetts legislature repeal of the Massachusetts law making the stock subject to purchase by the state at any time.

BUTLER THEATER.

Today at the Butler theater will be shown five reels of interesting and educational pictures. They are as follows: "Andy Has a Toothache," Edison comedy featuring Andy Clark, who is supposed to be about the best comedian in the younger set; "Prosecution," Vitaphone drama; "Pathe Weekly," showing all the latest current events of all the world; "The Science of Crime," two-reel special Biograph. Young Blackwell, a genius in criminology, is attacked by crooks while studying his profession at close range. He falls into the hands of the gangsters who had been "sent up" years before on his father's arguments. It is the gangsters' chance for vengeance. As a result the elder Blackwell awakens to the fact that he is convicting his own son, as a criminal, on the same arguments he had used against the gangsters. Tomorrow—Hearst-Selig Pictorial; Friday, "Perils of Pauline."—Adv.
